ESEA State Activity Program Survey

Ohio Department of Education

Updated July 27, 2022

The Ohio Department of Education (the Department) reserves a portion of Elementary and Secondary Education Act (ESEA) Title grants for state activities in accordance with federal law to address the needs of Ohio's education community. The Department must engage in timely and meaningful consultation with nonpublic school officials to understand their needs prior to designing ESEA state activity programs. The consultation ensures that nonpublic school stakeholders participate in planning and receive equitable services for their students. This survey is designed to help the Department understand the needs of nonpublic students so that the Department can develop ESEA state activity programs that meet their needs.

The Ohio Department of Education sets aside the prescribed portion of the federal award from the following ESEA grants for state activities that meet the needs of Ohio's education community:

Grant:	**Purpose:**	**Estimated State Activity Equitable Service Amount:**
Title I, Part C: Migrant Education Program	Ensure that all migratory children reach challenging academic standards and graduate with a high school diploma (or complete a HSED) that prepares them for responsible citizenship, further learning, and productive employment.	Equitable Services Provided at Local Operating Agency
Title II, Part A: Supporting Effective Instruction	Strengthen the quality and effectiveness of teachers, principals and other school leaders.	$261,651
Title III: Language Instruction for English Learners and Immigrant Students	Improve the English language proficiency and academic achievement of English learners, including activities that increase the knowledge and skills of teachers who serve English learners.	$14,117
Title IV, Part A: Student Support and Academic Enrichment	The SSAE program is intended to improve students' academic achievement by increasing the capacity of State educational agencies (SEAs), local educational agencies (LEAs), and local communities to provide all students with access to a well-rounded education; improve school conditions for student learning; and improve the use of technology to improve the academic achievement and digital literacy of all students.	$159,605
Title IV, Part B: 21st Century Community Learning Centers	Provide opportunities for communities to establish or expand activities in community learning centers that provide opportunities for academic enrichment, offer students a broad array of additional services, programs, and activities, and offer families of students served by community learning centers opportunities for active and meaningful engagement in their children's education.	Survey needed, estimate to be provided at later date.

More details on these grants can be found here.

The Ohio Department of Education in conjunction with the State Board of Education established key priorities for the 2022-23 school year. Priorities include improving literacy at all levels including financial literacy knowledge and skills, accelerating student learning, graduation pathways and workforce preparation and student safety and wellness. State activities are designed to support work to address these priorities.

Your answers to the following questions will help the Ohio Department of Education create state activity programs that meet your needs. By September, the Department will inform the nonpublic community about state activity programs and ensure nonpublic stakeholders may equitably participate. Please complete survey below. If a topic is not applicable, leave it blank.

1. What programs or services could the Department provide to support your school?
   - Professional development opportunities related to literacy including financial literacy
   - Professional development opportunities related to accelerating student learning
   - Professional development opportunities related to graduation pathways and workforce preparation
   - Professional development opportunities related to student safety and wellness
   - Other

2. Have you or your teaching staff utilized or participated in any of the following programs available through the Ohio Department of Education? If yes, please let us know if this program or service was helpful and/or give any suggestions:

Ohio Teacher Evaluation System

Yes	No	Comment:

Ohio Principal Evaluation System

Yes	No	Comment:

Ohio Teacher Leadership Toolkit

Yes	No	Comment:

Learning Management System

Yes	No	Comment:
