HINTS OF THE MONTH

**01 STUDENT MEASURES**

Student measure(s) are created at the goal level while the adult measure(s) (change in adult behavior) are connected to the strategy level.

**02 EVIDENCE BASED LEVEL 4 STRATEGY**

There is good reason to believe — based on existing research and data — that the strategy could improve a relevant student outcome.

*Before using a Level 4 strategy, districts should:*

- **Explore Existing Research**
  Why do we believe this strategy will meet our needs?

- **Develop a Logic Model**
  How will the strategy improve student outcomes?

- **Plan to Evaluate**
  How will we know that the strategy is improving student outcomes?

NEW FUNCTIONALITY

**Embedded Rubrics Checklist**
Department office embedded rubrics are available for viewing and downloading to assist entities in building required plans. The same rubric criteria will be used for approval during assigned cohort year.

**SST and Agency Users**
Security permissions have ben enabled for the SST’s and Agency users to view the One Plan in a view only mode.

**Enhanced Action Steps templates**
Based on feedback, entities requested a “participant(s) column to assign who will be responsible for the implementation of the chosen or created action step.

**Enhanced Search Capabilities**
For SST and agency users, the search range has been broadened as they will need to select multiple entities.

**User Feedback Icon Changes**
Based on user feedback, icons were adjusted and clarifies for a better end user experience.

FAQS

I AM NOT ABLE TO SEE “MAKE PLANS”, WHAT ROLE DO I NEED TO BE ABLE TO EDIT A PLAN?
To be able to edit a plan in the One Plan system, please use the role Data Entry Planning- CCIP. You cannot have any conflicting roles so make sure to remove the Data View Planning-CCIP role if you have it.

HOW CAN I CHECK MY ROLES OR SEE ALL THE DISTRICTS THAT I HAVE ASSIGNED ON THE ED STEPS TILE?
Log-in to your OHID account and then click on the ED STEPS tile. In the upper right-hand corner, there is a “Hello, Name”, click on it and it will open up your profile that will list the organizations and applicable roles.

WITHIN THE ONE PLAN DASHBOARD, A DISTRICT OR BUILDING ISN’T LISTED. HOW CAN I FIX THIS?
On the ED STEPS dashboard, ensure that you are selecting the correct district from the drop down. The drop down can be found under the ED STEPS logo in the upper left hand corner.

Thank you to all the SSTs who are continuing to work with their districts and the Department as we implement new functionality in the One Plan system.

There have been several educational entities that have already finished their One Needs Assessment and One Plan, congratulations! Thank you for your time and attention to this process.
