Ohio | Department of Education

CCIP Note # 259

Keywords: ARRA and American Reinvestment and Recovery Act
Attention: Superintendents, Treasurers, and Consolidated Application Contacts
Summary: American Reinvestment and Recovery Act (ARRA) 1512 Quarterly reporting won't begin until Sept. 1, 2011.

ODE has been developing a new web-based data-collection system for the 1512 quarterly reporting. This system should be up and running for the next reporting period effective September. There will be a field testing period beginning Aug. 15, 2011.

ARRA 1512 Quarterly Reporting Preparation Reminders/Updates

Superintendents, Treasurers, and Consolidated Application Contacts

FYI

CCR Registration Renewal Reminder: Although the next quarter's reporting and data collection for the ARRA 1512 Quarterly reporting won't begin until Sept. 1, 2011, this is a reminder concerning your annual CCR (Central Contractor Registry) Registration Renewal. Since most ARRA subrecipients completed their initial registrations during September 2009, those renewals would be due before the end of the next reporting quarter ending Sept. 30, 2011. Click here to read a short, three-step process on how to submit your renewals without changes.

New Treasurers: If you are a new Treasurer and have not been involved with this quarterly reporting for the ARRA funding in the past, you will want to get familiar with the required reporting process. Please refer to the **Data and Reporting Guidance** section of the ODE Stimulus Updates – ARRA web site. Also, please send a short message to Recovery@ode.state.oh.us identifying yourself as a new Treasurer so we can ensure you have everything you need to accomplish the ARRA 1512 quarterly reporting. Please remind your Superintendent to make sure that he or she has assigned you the Treasurer's role in OEDS prior to Sept. 1, 2011.

New data collection system: ODE has been developing a new web-based data collection system for the 1512 quarterly reporting. This system should be up and running for the next reporting period in September. The new system will replace the survey tool you have been using in the past. It will have a look and a feel closer to that of the CCIP, but it is *not* within the CCIP. You will still need to log in to your SAFE account to access the system once it is made available. More information will be forthcoming as we get closer to the collection date of September 1. There will be a field testing period beginning August 15. If you would like to participate in that field testing, please send an email to Recovery@ode.state.oh.us stating your willingness to participate. Please remember to include your IRN in that message.
