2011 OAASFEP Fall Coordinators Conference

October 5 - 7, 2011

Hyatt Regency Convention Center, Columbus

CONFERENCE PLANNER

This Planner is designed to assist you with selecting and scheduling your choices for the pre-conference and main conference learning sessions. Please transfer your choices to the Conference Registration Form included either in the paper Registration Packet or the online version. For the Pre-Conference learning sessions offered for the New Coordinator, you will find 8 learning sessions to select your final 4 choices. After you have made your selections, transfer the four choices (example, "Pre-1") to the designated lines on the Conference Registration Form. For the Learning Sessions for the main conference on Thursday and Friday, you will need to indicate a first and second choice for each of the 100, 200, 300 and 400 series.

New Coordinators (0 to 2 years of experience): Please note that the "New Coordinators" sessions are beginning with eight learning sessions (you will select a total of 4) as part of the Pre-Conference activities held on Wednesday, October 5th. You are then asked to select from other learning sessions for new coordinators (marked in yellow) scheduled for the main conference on Thursday and Friday. All of the Learning Sessions designated for the new coordinator are deemed important for the new coordinator of Title I or other federal programs. Choices are given to meet specific district or personal learning needs.

An early submission of the Conference Registration Form (or the online form) with full payment, all choices listed, and form filled in completely, will help to insure that you will get your preferred selections. All sessions will be filled on a first-come, first-served basis. So a timely and early submission is strongly advised.

In environments of low trust, participants' energies are siphoned away from the primary collective mission of creating vibrant and adaptive learning environments for children and instead are invested in hypervigilance of other organization parties, and making provisions for self-protection in case of betrayal. In this session we will explore the arduous and uncertain path to restoring trust that has been broken.
