Superintendents, Treasurers, and Consolidated Application Contacts

To allow nonpublic schools more time to enter enrollment data and LEAs to finalize participation forms, the deadline for NS3 system to close has been extended until 5:00 PM on Friday, May 18, 2012.

If your LEA has a participation form that has contact information in the public and nonpublic Sign Off boxes on the bottom of the form, but the status of the form does not say Final – the form has been completed as required. ODE will change the status to Final after NS3 closes.
