Attention: Superintendents, Treasurers, and Consolidated Application Contacts
Summary: Enhancement to CCIP for electronic request for Title I Carryover Waiver; 2013 OAASFEP Title I/Federal Programs Spring Conference Information

Title I Carryover Waiver Requests

Superintendents, Treasurers, and Consolidated Application Contacts

FYI

The Office of Federal Programs in the Ohio Department of Education has automated the process of requesting a carryover greater than 15% of the Title I allocation once every three years. (Section 421(b) of the General Education Provisions Act (GEPA) (20 U.S.C..§ 1227 (b)). The Title I Carryover Waiver Status page can now be accessed in the CCIP using the left hand fly out menu under Funding. LEAs will have until **February 28th 2013** to request a Title I Carryover Waiver through the new automated process
Depending on their status in the process to request a waiver, the LEA will be able to view the following:

1. Information as to whether the LEA has exceeded the 15% carryover limit and whether a waiver is needed.

2. Status of whether an FER has been submitted and whether a waiver is needed or available. If LEA has exceeded the carryover limit, and does not have a waiver available to use, the screen will inform the LEA that they are not eligible to carryover for that year and when the next waiver will be available. This screen will also inform the LEA as to the exact amount of the Title I allocation that will be swept.

3. Eligibility for a waiver and the status of the FER. If an LEA has not yet submitted their FER, the CCIP cannot determine if they exceeded the carryover limit, and the consultant should be contacted once the FER is approved to see if a waiver is needed.

4. LEA request to use the waiver or check a box indicating that no waiver is currently required and details of when the next waiver can be requested.

The percentage limitation in subsection (a) shall not apply to **any LEA that receives less than $50,000** under this Title I Part A of any fiscal year.

If you have any further questions please contact your Consultant in the Office of Federal Programs.
