FYI

Superintendents, Treasurers, and Consolidated Application Contacts

The FY13 HQT Letter has been mailed to all applicable LEAs in the State. Please note that only traditional public districts and community schools required to report highly qualified teacher (HQT) data in EMIS will receive a letter. Both Superintendents and CCIP Consolidated Application Contacts should expect to receive hard copies of the letter shortly.

The FY13 HQT Letter reports the progress that an LEA has made in its percentage of core academic courses taught by highly qualified teachers through the 2011-2012 school year. Based on an LEA's HQT results for the previous three school years (2009-2010, 2010-2011, and 2011-2012), the LEA is required to update various parts of its Highly Qualified Teacher Component in the CCIP Planning Tool's District/Agency Plan

1. LEAs that met the HQT goal of 100.0% for 2011-2012 and LEAs that have not met the HQT goal of 100.0% for one year as of 2011-2012 are required to revisit their HQT data and update the four Highly Qualified Teacher Component Required Items in the CCIP Planning Tool's District/Agency Plan as necessary.

2. LEAs that have not met the HQT goal of 100.0% for two or more years as of 2011-2012 are required to revisit their HQT data and update the four Highly Qualified Teacher Component Required Items and the three Highly Qualified Teacher Optional Items in the CCIP Planning Tool's District/Agency Plan as necessary.

As you know, the FY14 CCIP Planning Tool was opened in October of 2012, so please note that any updates made to the HQT Component in the FY13 CCIP Planning Tool also must be evidenced in the FY14 CCIP Planning Tool.

The deadline for updating the Highly Qualified Teacher Component Required Items and Optional Items in the Planning Tool of the FY13 CCIP is Friday, June 7, 2013.
