Superintendents, Treasurers and Consolidated Application Contacts

The Ohio Department of Education has been granted a waiver by the US Department of Education which permits a Local Education Agency (LEA) to carryover greater than 15% of Title I funds once every three years (section 1127(b) of the ESEA).

The US Department of Education is allowing the Ohio Department of Education a waiver of ESEA Section 1127(b) to waive the carryover limitation more than once every three years for a district that needs the additional waiver in light of the uncertainty caused by sequestration. This waiver is one time only for Federal Fiscal Year 2012 funds.

This waiver allows the Ohio Department of Education to grant a district a waiver of the carryover limitation with respect to Federal Fiscal Year 2012 Part A funds even if the district received a carryover waiver of either its FY 2010 or Federal Fiscal Year 2011 Title I, Part A funds from the Ohio Department of Education. (Note: under section 1127(b), a district that did not receive a carryover waiver for either FY 2010 or FY 2011 is already eligible to apply for an FY 2012 carryover waiver).

The waiver will be granted through the CCIP.
