FYI

On Thursday, Oct. 31, 2013, at 10 a.m., the Federal Low Income Counting System (FLICS) Web Application will open to both community schools and public districts. This will allow the review of economically disadvantaged community school student data from the School Options Enrollment System (SOES). The reallocation of Title I-A funds to community schools use these data. Community schools will have until **Wednesday, Nov. 20, 2013,** to resolve error flags within SOES that are preventing the allocation of Title I-A funds for economically disadvantaged. A manual with instructions on how to navigate the SOES system is here.
