CCIP Note # 349

Date: November 17, 2015
To: Superintendents, Treasurers, Title I Directors/Coordinators and Consolidated Application Contacts

ESEA Flexibility Waiver 2015

MEMO: Support District and School Improvement Plans

The District and School Improvement Plan component tab for FY17 in the Comprehensive Continuous Improvement Plan (CCIP) is closed. It will reopen with the ESEA Flexibility Waiver Support District and Schools aligned criteria later this school year. Each Support District and School will receive notification when the CCIP component tab is available.

SUPPORT DISTRICTS

- Districts new to this list complete district and school improvement plans in 2016 to upload to the CCIP District and School Improvement Plan component tab for FY17.

- Districts returning to the Support District list have district and school improvement plans completed for FY16. These districts use the previously determined implementation timeline during FY16. Any revisions made to the improvement plans can be made later for FY17.

SUPPORT SCHOOLS

- Returning Priority and Focus schools have school improvement plans completed for FY16. These schools use the previously determined implementation timeline during FY16. Any revisions made to the improvement plans can be made later for FY17.

- A school new to the Support Schools list completes the process and adds its school improvement plan to the CCIP School Improvement Plan component tab for FY17. Transformation Specialists and State Support Team members support the process.

- Watch Schools develop a school improvement plan with the involvement of its school district. The improvement plan is uploaded to the CCIP School Improvement Plan component tab for FY17.
