Ohio | Department of Education

Local Equitable Access Planning YouTube Video Segments – delivers information to assist local education agencies in the equitable access planning process. There are seven video segments:

- **Local Access Equity Planning** – This video segment will briefly outline the materials and resources needed for equitable access planning at the state and local level. (4:01)
- **Local Access Equity Planning Part 1** – This video segment will give highlights of Ohio's 2015 plan to ensure equitable access to excellent educators. It will also provide an understanding of the federal initiative that has reengaged Ohio in this equity work. (6:56)
- **Local Access Equity Planning Part 2** – This video segment gives an overview of the local planning process. (3:40)
- **Local Access Equity Planning Part 3** – This video segment provides an understanding of the equitable access analysis tool. (4:38)
- **Local Access Equity Planning Part 4** – This video segment goes through **Item 3** of the Highly Qualified Teacher Component – the first step in the local equitable access planning process. (3:28)
- **Local Access Equity Planning Part 5** – This video segment goes through **Item 4** of the Highly Qualified Teacher Component - the second step in the local equitable access planning process. (3:05)
- **Local Access Equity Planning Part 6** – This video segment goes through **Item 5** of the Highly Qualified Teacher Component – the third step in the local equitable access planning process. (2:33)

The videos provide guidance on completing Items 3, 4 and 5 under the Highly Qualified Teacher Component in the CCIP.
