The department has developed two new resources to help local education agencies as they engage in equitable access planning under the Highly Qualified Teacher Tab in the CCIP.

Seven instructional videos are available on the department's website and in the CCIP library:
1. Local Access Equity Planning - Introduction
2. Local Access Equity Planning Part 1 – Ohio's Plan
3. Local Access Equity Planning Part 2 – Planning Process
4. Local Access Equity Planning Part 3 – The Tool
5. Local Access Equity Planning Part 4 – Item 3
6. Local Access Equity Planning Part 5 – Item 4
7. Local Access Equity Planning Part 6 – Item 5

The video segments highlight resources available, offer a review of the state equity plan and give specific information on the Items 3, 4 and 5 in the equitable access planning process.

Frequently Asked Questions have also been compiled and posted on the local equity planning website to help districts complete planning by Sept. 30, 2016.
