CCIP Note # 372

Re: The Nonpublic Data System and Fiscal Year 2017 Indirect Cost Rate Proposal are now Available
Date: March 17, 2017
To: Superintendents, Treasurers, Title I Directors/Coordinators and Consolidated Application Contacts

The Nonpublic Data System (NPDS)

The Nonpublic Data System is now available. Nonpublic school principals or personnel with the roles of Data Entry-Nonpublic Programs can upload enrollment information. There are several changes to the Participation Form and Consultation Guide related to the Every Student Succeeds Act (ESSA). The data nonpublic school principals or personnel are requested to upload has not changed.

ODE will be releasing an enhancement to NPDS to implement a dash board as the starting page for NPDS. This enhancement is scheduled to deploy on Wednesday, March 22, 2017. This dash board will be similar to dash boards deployed to the Scholarship and Compliance.

The system will close at 5 p.m. on Wednesday, May 24, 2017; however, nonpublic data should be uploaded by the end of April to allow public districts time to review and validate the data.

Fiscal Year 2017 Indirect Cost Rate Proposal

The Fiscal Year 2017 Indirect Cost Rate Proposal is now available for completion. Schools must submit their proposals by **May 5, 2017**.

- Instructions: FY17 ICR Instructions for Districts
- Workbook: FY17 ICR Workbook for Districts

To assist you with completing the packet, the Department is offering several two-hour sessions to answer your individual questions and guide you through completing the packet. The scheduled sessions will be delivered via Skype for Business and are listed below. There are 12 spots available for each session. You must register in STARS prior to the session.

To register, the participant must have a SAFE account and must complete the STARS User Profile. Search for keyword “ICRP” within STARS to locate the trainings. Once registered, the Department will email a Skype meeting invitation to you, so be sure the correct email address is available in SAFE and STARS. The invitation will include instructions for participating in the sessions as well as any handouts. For additional information on using STARS, please click here.

Grantees were allowed to utilize their FY16 rates in FY17, until the current year's rate is approved. For consideration of indirect costs currently charged to the FY17 grant as an allowable expense, you must submit the FY17 Indirect Cost Rate Proposal by the May 5 deadline. If a grantee does not meet the proposal deadline, the Department will remove the FY17 provisional rate currently being used by June 15. This will require the grantee to back out all FY17 indirect charges and complete a budget revision to reallocate the funds currently allocated to indirect costs.
