Re: Equitable Services for Nonpublic Schools under ESSA
Date: May 8, 2017
To: Superintendents, Treasurers, Title I Directors/Coordinators and Consolidated Application Contacts

The Office of Federal Programs has recorded a webinar on equitable services for nonpublic schools under the *Every Student Succeeds Act* (ESSA). To watch the webinar, please click here. The presentation references a resource available from the U.S. Department of Education that has a crosswalk between the provisions for equitable services prior to ESSA and under ESSA.

If you have questions about equitable services under ESSA, please contact your Office of Federal Programs consultant.
