CCIP Note 383

Re: Nomination Form to Serve on the Committee of Practitioners; FY18 Local Equitable Access Planning- Educator Equity Lab Offering
Date: September 8, 2017
To: Education Stakeholders

The Ohio Department of Education is seeking members to serve on the Committee of Practitioners. The Committee of Practitioners provides input and advice to the Department in the review of proposed or final state administrative rules regarding the administration and implementation of Title I of ESEA.

The Department will select individuals from the following groups:

1. administrators, including the administrators of ESEA programs
2. teachers from traditional public schools (and charter schools) and career and technical educators;
3. principals and other school leaders;
4. parents;
5. members of local school boards;
6. representatives of private school children;
7. specialized instructional support personnel and paraprofessionals;
8. representatives of authorized public chartering agencies; and
9. charter school leaders

The nomination form is here. To be considered, nominations must be submitted electronically to ESEA@education.ohio.gov by Friday, September 22.

Questions regarding the committee may be directed to Jeremy Marks at 614-466-4161 or jeremy.marks@education.ohio.gov

FY 18 Local Equitable Access Planning- Educator Equity Lab Offering

The Ohio Department of Education will be offering one-day equity labs at six locations across the state to assist local education agencies (LEA) in the equity planning process. The labs will provide LEAs the opportunity to engage in reviewing their Equitable Access Analysis Tool to determine equity gaps, conduct a root-cause analysis, and identify strategies to address gaps while also setting a goal to measure progress. Each LEA should bring a stakeholder team of 3-5 people, possible stakeholders include superintendent, principals, teachers, human resources staff, federal programs staff, parent/community members, etc. It is recommended that each team brings a computer/device as LEAs will have an opportunity to submit their FY18 equity plan in the CCIP.

Local equity planning will occur in the CCIP in the Equitable Access to Excellent Educators Tab, formally known as the HQT Tab. The tab will tentatively open in October 2017 and LEAs will have until December 2017 to submit their local equity plans in the CCIP. This work ensures that poor and minority students are receiving equitable access to excellent educators as outlined in the Every Student Succeeds Act (ESSA 1112(b)(2)).
