Re: U.S. Department of Education Student Centered Funding Pilot; OEDS Adjudicated Youth Role
Date: February 16, 2018
To: Superintendents, Treasurers, Title I Directors/Coordinators, and Consolidated Application Contacts

U.S. Department of Education Student Centered Funding Pilot

The U.S. Department of Education (USED) is hosting two webinars regarding a new pilot to afford local education agencies (LEAs) flexibility to create equitable, student-centered funding systems.

The webinars are scheduled for Wednesday, February 21, from 2:00-3:30 pm and Thursday, February 22, from 12:30-2:00 pm.

Applications to be considered for this pilot are due by March 12. The USED will approve up to 50 districts to participate in this pilot for the 2018-19 school year.

For more information or to register for this webinar click HERE.

OEDS Adjudicated Youth Role

The Ohio Department of Education has created a new role in OEDS entitled, ***Adjudicated Youth Contact – ESSA***. This updated role will take the place of Adjudicated Youth Contact (CCIP) in the FY18 consolidated application. This new role must be completed prior to submitting the district/school FY19 consolidated application.

Districts can begin assigning this role. Here are the instructions for doing so:

1. Contact the district's or school's OEDS administrator. This is anyone in the Superintendent, Treasurer or Organization Administrator role listed on the Roles/Personnel tab of the district's or school's OEDS webpage. You can find your district's or school's OEDS Webpage by searching here.

2. Have the OEDS administrator to assign you to the Adjudicated Youth Contact-ESSA role. You may need to provide your last name and date of birth for them to be able to assign you.

3. If your district or school does not have an OEDS administrator, or if you need additional support, you can contact the appropriate data custodian from this list or email the general OEDS inbox at OEDS.ContactUs@education.ohio.gov. Note that the appropriate data custodian is based off the type of organization of your district or school. The type can also be found on the district's or school's OEDS Webpage.
