Districts are highly encouraged to submit the FY19 CCIP Consolidated application by July 1, 2018 to establish a Substantially Approved date and receive negative five points on the risk factor assessment for ESEA monitoring. Information on the Consolidated ESEA Risk Based Monitoring is available here.

FY18 Fiscal Year End Deadline for PCRs

The state's accounting system will stop processing payments in mid-June for routine year-end closing. To ensure timely payment, submit cash requests by June 15, 2018 at 5 pm. If we do not receive a request by the deadline, the department does not guarantee payment before shutdown. In addition, the large volume of requests received during this time period may result in delays for some payments due to a shortage in state appropriation (spending authority). Please contact your Grants Management consultant with questions.
