Adjusted Title III Allocations Loaded in CCIP

Title III allocation adjustments have been loaded to the CCIP. Updates were made to both the English learner and immigrant grants based on data reported during the end-of-year student collections.

Title III English Learner Allocations. The adjusted FY19 Title III English learner allocations are based on English learner student counts as of Oct. 1, 2017 reported by districts and community schools and are from the end-of-year student collections (2018S3TRD and 2018SBODE). The adjusted allocations also considered final data reported in the Nonpublic Data System (NPDS) for school year 2017-2018.

Title III Immigrant Allocations. The adjusted FY19 Title III immigrant allocations are based on immigrant student counts as of Oct. 1, 2017 reported by districts and community schools are from the end-of-year student collections (2018S3TRD and 2018SBODE). The adjusted allocations also considered final data reported in the Nonpublic Data System (NPDS) for school year 2017-2018. Immigrant children include those individuals who are ages 3 through 21, who were not born in the United States, and who have not been attending one or more schools in any one or more states for more than three full academic years.

Consolidated Applications in Final Approved status will automatically be changed to Revision Started. Districts and community schools can submit a revision incorporating the adjustments or wait until carryover funds are loaded after their FY18 Final Expenditure Report (FER) is approved, but would not be able to draw down funds while the application is in revision.

Please contact your Office of Federal Programs consultant if you have questions about your applications. If you have questions about your Title III allocation, please contact Title III Administrator, David Brauer, at 614-466-5970 or david.brauer@education.ohio.gov.
