CCIP Note # 405

Re: Reallocation of ESEA Consolidated Funds
Date: January 14, 2019
To: Superintendents, Treasurers, and Consolidated Application Contacts of Public Districts, Community Schools, and ESCs

Reallocation of ESEA Consolidated Funds

The Ohio Department of Education has completed Federal Programs reallocations which accounted for updated counts of economically disadvantaged students enrolled in new and significantly expanded community schools. This change affects allocations for Title I-A, II-A, and Title IV-A grants. The reallocation may result in a decrease of the original allocation of traditional districts that have students attending a community school.

In addition, the estimated FY19 Title I allocations provided in June have been updated.

Any decrease in allocations below the approved budget amount will require the district to complete a budget revision. Affected districts will receive an email generated through the CCIP indicating that the application status has been changed to “Revision Started.”

The Department also has completed Title III English Learner reallocations. This included allocations for new community schools and allocation adjustments for participating districts and community schools. Nonpublic equitable services amounts also have been adjusted.

If you have any further questions, please contact your consultant in the Office of Federal Programs.
