CCIP Note # 413

Re: FY 20 Consolidated Application Available for Title I-A, Title II-A, and Title III and FY19 Fiscal Year End Deadline for PCRs
Date: June 11, 2019
To: Consolidated Funding Application Contacts, Superintendents/CCIP Authorized Representatives, and Treasurers/CCIP Fiscal Representatives of Public Schools, Community Schools, STEMs, and ESCs

FY20 Consolidated Allocation Available in CCIP

The Fiscal Year 2020 Consolidated Allocations are now available for:

- Title I-A Improving Basic Programs
- Title II-A Supporting Effective Instruction
- Title IV-A Student Support and Academic Achievement
- Title V-B Rural Low Income Schools

The following grants will be added within the next week:

- Title I-C Migrant
- Title I-D Neglected and Delinquent
- Title III Language Instruction for English Learners
- Title III Immigrant

Districts are highly encouraged to submit the FY20 CCIP Consolidated application by July 1, 2019 to establish a Substantially Approved date. Submission of an application by that date will result in favorable treatment in the risk assessment for ESEA monitoring. Information on the Consolidated ESEA Risk Based Monitoring is available here.

LEAs may notice fluctuations in their Title IV-A allocations. These fluctuations are due to changes in funding available under Title IV-A and to current guidance provided by the US Department of Education. Allocations for and administration of Title III are now being handled by the Office of Federal Programs.

Title III will be loaded to districts and schools with preliminary allocations greater than or equal to $10,000. Districts and schools with a preliminary award less than $10,000 MUST join or form a consortium to participate in Ohio's Title III program by August 30th, 2019. FY20 Title III English Learner and Title III Immigrant Preliminary Allocations will be posted in the CCIP document library by June 21st.
Please note, these are preliminary estimates. The US Department of Education expects to release final allocations in the next few weeks, which will likely differ from the preliminary allocations because of updates to the non-Census data and LEA finance data. Further adjustments will be made as needed throughout the year.

FY19 Fiscal Year End Deadline for PCRs

The state's accounting system will stop processing payments in mid-June for routine year-end closing. To ensure timely payment, submit cash requests by Friday, June 14, 2019, at 5 p.m. If we do not receive a request by the deadline, the department does not guarantee payment before shutdown. In addition, the large volume of requests received during this time period

may result in delays for some payments due to a shortage in state appropriation (spending authority). We will process payments that cannot be issued after July 1. Please contact your Grants Management consultant with questions.
