CCIP Note # 416

Re: Need to Return Applications to Address IDEA Grant Assurances
Date: July 10, 2019
To: Consolidated Funding Application Contacts, Superintendents/CCIP Authorized Representatives, and Treasurers/CCIP Fiscal Representatives of Public Schools, Community Schools, STEMs, and ESCs

During a US Department of Education (USDE) monitoring review of IDEA-B funds, it was noted that ODE must ensure all grantees receiving an IDEA-B award, know the specific IDEA-B compliance requirements which are applicable to IDEA-B school-age and IDEA-B preschool funding. Up to this point the specific requirements were located as a link in the "Budget Details/Redirect" page. To comply with the USDE's corrective action, the CCIP has been updated with the following enhancements:

- The IDEA-B specific compliance requirements were added to the General Assurances.
- Prior to the Authorized Representative (Superintendent and Treasurer) approving the Consolidated application, the updated Assurances will appear. The application cannot move forward until the Assurances are acknowledged by clicking on the "confirm" at the bottom of the page.

Action Steps

Grantees who have already submitted the application will note that their grant application has been Returned. To remedy this, click on "Fiscal Representative Approved" (Treasurers) or "Authorized Representative Approved" (Superintendents). This will trigger the Assurances page to pop up and you must click on "Confirm" to compete the application submission. Please note that any time the application status is updated, the assurance page will pop up for confirmation. **Please also note the process of returning the application may take up to several days.**

Special Note

The return of the application will not change the substantial approval date of your application.

If you have any questions about IDEA-B 611 (school-age), please contact the ODE employee below:

Employee Name	Email Address	Phone Number	Assigned SST Region
Dan Badea	Daniel.Badea@education.ohio.gov	614-728-1725	12, 13, and 14
