CCIP Note # 431

Re: Reallocation of ESEA Consolidated Funds
Date: March 31, 2020
To: Superintendents, Treasurers and Consolidated Application Contacts of Public Schools, Community Schools, and STEMS, and Nonpublic Principals

Reallocation of ESEA Consolidated Funds: Final FY20 Title I-A, Title II-A, Title III, Title IV-A

The Office of Federal Programs has completed the end-of-year Federal Program reallocations for the Title I-A, Title II-A, Title III and Title IV-A grants. Please note that these reallocations will impact the nonpublic equitable service amounts and may require the district to complete a budget revision.

Affected districts with consolidated applications in Final Approved status will automatically see their plan status changed to "Revision Started" and will receive an email generated through the CCIP indicating the status change. After the application has received final approval, the district will be able to draw one hundred percent of these grants.

The final allocation requires the district to adjust nonpublic equitable service amounts. It is recommended that districts opting to use transferability and/or provide equitable services to non-chartered, non-tax schools contact their assigned federal consultant or Chantelle Carter, Nonpublic Ombudsman (chantelle.carter@education.ohio.gov) to ensure nonpublic equitable service amounts are calculated correctly.

Special Note: The Office of Federal Programs understands the potential burden that this end-of-the year, final reallocation process may cause for some districts during the COVID-19 crisis. The Ohio Department of Education is exploring flexibility and waiver options pertaining to carry over and other fiscal and spending considerations. Information will be shared as soon as it becomes available. In the meantime, please contact your assigned federal programs consultant should you require additional assistance and/or a request for flexibility.
