FY21 Consolidated Funding Application and Allocation Available Next Week
The fiscal year (FY) 2021 consolidated funding application and federal grant allocations for most of the formula programs will be available on Monday, June 15. Please remember that the federal allocations are preliminary estimates and local educational agencies (LEAs) may need to make revisions throughout the year. LEAs are highly encouraged to submit the FY21 CCIP consolidated application by July 1, 2020 to establish a Substantially Approved date. Submission of an application on or before July 1 will improve a district's risk assessment score for ESEA monitoring.

Districts are encouraged to attend one of five virtual trainings offered by the Office of Federal Programs during the remainder of June. These trainings or "live lab sessions" will provide helpful information and updates on the consolidated funding application. For a list of training dates and times please refer to the bottom of the CCIP Note 438 here.

Office of Federal Programs Guidance Update
The Office of Federal Programs Guidance on COVID-19, CARES Act and the ESSER Fund has been updated with the CARES Act accounting guidelines from the Auditor of State. The Auditor's guidelines provide fund information and how to account for FY20 expenditures prior to receiving the CARES Act funds. The auditor information is especially important since the deadline for submitting claims in the CCIP and payment system is June 12.
