Summary: February 4, 2008, the new version of the CCIP (CCIP .net) will go live.

CCIP .net Navigation Training Sessions

Superintendents, Treasurers and Consolidated Application Contacts

FYI

On February 4, 2008, the new version of the CCIP, commonly known as *CCIP .net*, will go live. There are several enhancements to the current system that will improve performance and usability. For the purposes of demonstrating the new system, Regional CCIP .net Navigation sessions are scheduled across the state. These sessions will cover navigation and usability.

Date	Location	City
• January 24 and 25	Stark County ESC	Canton
• January 31 and February 1	Lorain County ESC	Elyria
• February 4 and 11	Eastland-Fairfield CTC	Groveport
• February 5 and 6	Great Oaks Institute for Technology	Cincinnati
• February 7 and 8	Miami Valley CTC	Clayton
• February 7 and 8	Tri-County CTC	Nelsonville
• February 14 and 15	Wood County ESC	Bowling Green

You **must** register for a session using STARS 2.0, which can be accessed through your SAFE account. Click the "Event Search" button and type "ccip" into the event name box. Then select the training session that works for you and click *Register for Selected Event.* Please only register for one session as the material covered will be the same in all sessions.

Due to limited space, we request that districts send one representative to the training session. The materials from the session will be posted in the Document Library in late January. If you have any questions about the sessions, please email karl.koenig@ode.state.oh.us

If you have questions regarding CCIP Notes, please call (614) 466-4161.
