Re: Governor's Emergency Education Relief (GEER) Fund Application in the CCIP
Date: October 02, 2020
To: Superintendents, Treasurers, Authorized Representatives, Fiscal Representatives and Consolidated Funding Application Contacts of GEER Grant Recipients

This CCIP Note is specific to the educational entities that are receiving a Governor's Emergency Education Relief (GEER) award from the Ohio Department of Education. A portion of Ohio's GEER program will be used to support grants to educational organizations that did not receive funding through the subsidy portion of the Elementary and Secondary School Education Relief Fund (ESSERF). These funds are provided to specific Non-Title I Awarded Educational Entities (NT1AEE) including Educational Service Centers (ESCs), County Boards of Developmental Disabilities (CBDD) serving school age children, and the Ohio School for the Deaf and the Ohio School for the Blind.

GEER Application Now Available

The GEER Fund application is now available for eligible Non-Title I GEER recipients. Eligible recipients may download the PDF GEER application, found on the CCIP Document Library HERE as part of the application process. Eligible recipients must complete the PDF application and upload it in the CCIP funding application named GEER - Governors Emergency Education Relief Fund. In the PDF application, the applicant must agree to the terms and conditions, complete the budget estimates for the twelve categories of allowable uses and include signatures of both the Authorized Representative and Fiscal Representative. Please see below for a screen capture of the Document Upload page in the CCIP GEER Allocation where the PDF application can be uploaded.

Funds will be available once the CCIP GEER application is approved by the Office of Federal Programs.

The Ohio Department of Education's Office of Federal Programs has been asked to administer the GEER program to NT1AEE. The amount of the program is $18.05 million. The breakdown of subaward amounts is found HERE.

The Governor can use these funds to support primary and secondary education, post-secondary education and other education related entities. As of August 24, 2020, $9.0 million was allocated to support publicly funded childcare payments in addition to the $18.05 million allocated for primary and secondary education.
