CCIP Note #492

Re: Reallocation of ESEA Consolidated Funds and REAP for Title V
Date: January 10, 2022
To: Superintendents, Treasurers, Consolidated Application Contacts of Public Districts, Community Schools and ESCs

Reallocation of ESEA Consolidated Funds: Final FY22 Title I-A (including Expanding Opportunities for Each Child), Title II-A, Title III, and Title IV

The Ohio Department of Education has completed Federal Program reallocations. This change will affect allocations in Title I-A (including Expanding Opportunities for Each Child), Title II-A, Title III, and Title IV grants and impact nonpublic equitable service amounts.

Any changes in allocations may require the district to complete a budget revision. Affected districts in Final Approved status may automatically be changed to "Revision Started" and will receive an email generated through the CCIP indicating the status change.

Districts may need to adjust nonpublic equitable service amounts due to this reallocation. Districts that have questions regarding equitable services to non-chartered, non-tax schools should contact their consultant or Chantelle Carter, Nonpublic Ombudsman (chantelle.carter@education.ohio.gov).

If you have any further questions regarding any changes to allocations for Title I-A, Title II-A, Title III, or Title IV grants, please contact your consultant in the Office of Federal Programs.

Reallocation of IDEA

The Ohio Department of Education has completed reallocations of IDEA Part B allocations, including IDEA School Age and Early Childhood Special Education and ARP IDEA School Age and ARP Early Childhood Special Education. These changes will impact nonpublic proportionate share as well as the 15% allowable/mandated amount that may be used for Coordinated Early Intervening Services (CEIS) or must be used for those districts that are mandated to provide Comprehensive, Coordinated Early Intervening Services (CCEIS).

Any changes in allocations may require the district to complete a budget revision. Districts with Consolidated and/or ARP IDEA Applications in Final Approved status may automatically be changed to "Revision Started" and may receive an email generated through the CCIP indicating the status change.

Public Districts may need to adjust nonpublic proportionate share amounts due to this reallocation, both for the IDEA School Age funds in the Consolidated Application and the ARP IDEA School Age funds in the ARP IDEA Application. An updated *"ARP IDEA District Nonpublic Proportionate Share"* spreadsheet will be posted in the American Rescue Plan (ARP) Act/ARP IDEA Section of the CCIP Document Library. The link to that spreadsheet will be emailed as soon as it is available. The district must budget the appropriate, revised proportionate share amount.

Please remember that districts should be engaging in meaningful consultation with nonpublic schools regarding the proportionate share services on an ongoing basis. Districts that have questions regarding proportionate share services to non-chartered, non-tax schools should contact their Office for Exceptional Children Resource

Management consultant.

IDEA Special Education and/or IDEA Early Childhood Special Education Consortia fiscal agents may receive an automatic History Log note regarding a refund while allocations are being adjusted. Once the final allocation amounts are processed and the consortium relationship is re-established, this History Log note should no longer be applicable. If you have concerns, please contact Sarah James, Assistant Director in the Office for Exceptional Children (sarah.james@education.ohio.gov).

Districts that are providing Coordinated Early Intervening Services (CEIS) or that are mandated to provide Comprehensive, Coordinated Early Intervening Services (CCEIS) must review the amount reserved for early intervening this year. With the reallocation of the FY22 Part B funds, the allowable/mandated 15% amount will have changed for both the IDEA funds in the Consolidated Application as well as the ARP IDEA Application. Districts that are mandated must adjust the Comprehensive, Coordinated Early Intervening Services page in the Consolidated Application and adjust the amount redirected in the ARP IDEA Budget Details page. If you have questions, please contact your Office for Exceptional Children Resource Management consultant, located in the CCIP Address Book.
