CCIP Note # 496

Re: Annual Emergency Stabilization Fund Reporting: ESSER, GEER and EANS
Date: February 9, 2022
To: Superintendents, Treasurers, Authorized Representatives, Fiscal Representatives and Funding Application Contacts of ESSER, ESSER State Activities, GEER and EANS Grantees

Annual Emergency Stabilization Fund Reporting: ESSER, GEER and EANS

The U.S. Department of Education provided guidance on annual reporting requirements for states to report expenditures for the Elementary and Secondary School Emergency Relief (ESSER) Fund, the Governor's Emergency Education Relief (GEER) Fund, and the Emergency Assistance to Nonpublic Schools (EANS) program. Educational organizations that received one or more ESSER, GEER and/or EANS subawards must annually report on the uses of those funds in accordance with the grant assurances signed by the organization.

Recipients of this CCIP Note received at least one of the grants that will be included in the upcoming data collection. Recipients will be responsible for providing the requested information only for the grants they have received of the following list:

- Elementary and Secondary School Emergency Relief (ESSER I) Fund
- ESSER I State Activity Grants including Connectivity Champions to Expand Access, ESC Family Engagement Liaisons, Extended Learning and Recovery, Face Masks for Schools (Health/Hygiene Training), RemotEDx Exchange, RemotEDx Support Squad, RemotEDx Networked Learning Community, RemotEDx OCER Department Match, RemotEDx OCER Philanthropy Ohio, RemotEDx Subgrants Non-profit, RemotEDx Industry Recognized Credentials and Student Readiness Supports I
- CRSSA Elementary and Secondary School Emergency Relief (ESSER II) Fund
- American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER)
- Governor's Emergency Education Relief (GEER) Fund
- GEER- Mental Health
- GEER- Nonprofit Grants
- GEER- FASFA21

For those receipients that received the Emergency Assistance to Nonpublic Schools (EANS) program, there will be no data collection for this first annual report as funds were obligated outside of the reporting period. Reporting for this program will begin with the second annual report. To see what data may be requested in the future, check out the ESSER, GEER and EANS survey guidance.

A full list of ESSER, GEER and EANS recipients and the ESSER, GEER and/or EANS they received can be found HERE.

On **March 2nd, 2022**, the Authorized Representative, Fiscal Representative, and District Contacts for ESSER and GEER recipients will receive an email from donotreply@ohio-k12.help. This is the reporting mechanism for the collection of ESSER and GEER recipient expenditures.

The ESSER and GEER data collection must be completed by one email recipient by **March 30th, 2022.**

ESSER, GEER and EANS Reporting Guidance including the questions in this data collection can be found HERE. The organization will only receive questions for the grants in which it received an allocation.

In preparation for the data collection survey, grant recipients are encouraged to review the requirements for each of the grants received and begin collecting any applicable data. These requirements are based on current guidance from the U.S. Department of Education. The data collection survey will be based on these requirements and any additional guidance from the U.S. Department of Education.

In this data collection, expenditure data is only requested for the reporting period FY21, **July 1, 2020 to June 30, 2021** for most grants. ESSER I reporting period is **October 1, 2020 to July 1, 2021**. Expenditure data for subsequent reporting periods will be collected in later surveys.

If you have questions, please contact ESFannualreporting@education.ohio.gov
