CCIP Note #569

Re: Additional Allocations, Summer Extension Guidance and FLICS Reporting
Date: April 1, 2025
To: Superintendents, Treasurers, Authorized Representatives, Fiscal Representatives and Consolidated Funding Application Contacts of Local Educational Agencies, and Educational Entities Providing ARP Services

ADDITIONAL ALLOCATIONS

The Department of Education and Workforce (DEW) is pleased to announce additional allocation amounts for eligible Local Educational Agencies (LEAs) for certain Elementary and Secondary Education Act (ESEA) grants within the Consolidated application. The Consolidated grants in which an LEA may have an additional amount include Title I-A, Title I-C, Title I-D, Title II-A, Title III, Title IV-A, and Title V-B. These additional allocation amounts are made up of prior year funds that were not expended by LEAs or were forfeited on the Final Expenditure Report (FER).

The additional allocation amounts will load for eligible LEAs in the coming days. LEAs should review the Consolidated application, Allocations page in the Comprehensive Continuous Improvement Plan (CCIP). If the LEA receives an additional allocation amount, the LEA should submit a revision to budget the remaining amount. Please note, these additional funds do not impact the existing equitable service amounts.

Special Note: Additional amounts will expire on September 30, 2025. LEAs that receive additional funds should revise their Fiscal Year 2025 (FY25) Consolidated application to budget the funds to ensure the additional amount is spent during FY25 or on an approved summer extension request (see more information below).

SUMMER EXTENSION REQUESTS

LEAs wishing to use federal funds for costs associated with supplemental programming for the summer months (July 1st to September 30th) according to their FY25 Consolidated application budget and plan may submit a request for a Summer Extension. In other words, the state fiscal year ends on June 30th, but a summer extension request allows for the eligible costs during the summer to be accredited to the state fiscal year ending on June 30th. Any summer expenditures reported under this request must be included on the LEA's FY25 Final Expenditure Report (FER) that is due September 30th.

To submit a Summer Extension Request, an LEA must enter a History Log comment containing the following information: A.) The grants for which the LEA is requesting the summer extension B.) The specific dates the LEA is requesting beyond July 1st for the extension. C.) The reason the LEA is requesting their summer extension and specific uses for summer

programming. D.) An assurance that the LEA will complete their FER by September 30th. LEAs should receive a History Log reply from their assigned Federal Programs consultant indicating they have received the request and whether it has been approved or if additional information is requested.

COMMUNITY SCHOOL ENROLLMENT DATA AVAILABLE FROM FLICS

The Federal Low-Income System (FLICS) Report is now open and closes on April 25th, 2025. The FLICS Report allows community schools and other LEAs to review data on students between ages 5-17 who were enrolled in a community school and identified as economically disadvantaged in the Education Management Information System (EMIS). The FLICS data is an important component to make federal funding allocation determinations for community schools and make the necessary adjustments to the formula used for allocations to account for students located at a particular traditional district but enrolled in a community school. Community schools and other LEAs should review the report to verify the data before April 25th, 2025. For questions or information on this FLICS report, please contact daphne.rees@education.ohio.gov.

If you have questions or need assistance, please contact your Federal Programs specialist from the CCIP Address Book. For general questions, please contact federalprograms@education.ohio.gov.
