CCIP Note #585

Re: FY27 Consolidated Application Now Available in CCIP
Date: June 9, 2026
To: Superintendents, Treasurers, Authorized Representatives, Fiscal Representatives and Consolidated Funding Application Contacts of Local Educational Agencies

FY27 CONSOLIDATED APPLICATION NOW AVAILABLE IN CCIP

The Fiscal Year 2027 (FY27) Consolidated application is available to Local Educational Agencies (LEAs) in the Comprehensive Continuous Improvement Plan (CCIP) system. LEAs may now enter the CCIP to complete the application. The Department of Education and Workforce (DEW) loaded the FY27 preliminary allocations for the following grants:

- Title I, Part A: Improving Basic Programs
- Title I, Part C: Migrant Education Program
- Title I, Part D Subpart 2: Neglected
- Title I, Part D Subpart 2: Delinquent
- Title II, Part A: Supporting Effective Instruction
- Title III: English Learners
- Title III: Immigrant Students
- Title IV, Part A: Student Support and Academic Enrichment
- Title V, Part B: Rural Education Achievement Program

DEW will load the following FY27 grant allocations in the coming days:

- Individuals with Disabilities Education Act, Part B (IDEA-B)
- Individuals with Disabilities Education Act, Early Childhood (IDEA-Early Childhood)

Please keep in mind that LEAs receive allocations based on their data and the federal grant formulas, and not all LEAs will receive all the grants listed above. Also note that LEAs with a Title III allocation under $10,000 must join a Title III consortium, and those that have joined a consortium will have their funds loaded and transferred to the consortium in the coming days. Finally, please note that this year DEW is also loading repurposed “Additional” ESEA funds for most LEAs. See CCIP Note 584 for more information.

FY27 CONSOLIDATED APPLICATION ESEA GRANT CHANGES

The FY27 Consolidated application will be very similar to prior years. However, DEW made small changes to make the Consolidated application easier to navigate and to align to recent U.S. Department of Education (USDOE) guidance. See CCIP Note 584 for more information.

If you have questions about the ESEA grants in the Consolidated application, please contact the Federal Program Specialist, listed as the Consolidated contact within the CCIP Address Book.

IDEA ALLOCATION INFORMATION

This note provides clarification regarding this year's Individuals with Disabilities Education Act (IDEA) allocations for Part B (Section 611) and Early Childhood Special Education (ECSE, Section 619). Each program's allocation includes a supplemental amount in addition to the regular flow-through grant.

IDEA Part B (Section 611)

Ohio received a total of $446,874,892 in IDEA Part B allocation funds. Of that amount, $3,545,558 has been identified as a supplemental award for Federal Fiscal Year 2026/State Fiscal Year 2027. This supplemental amount carries the same legal and fiscal requirements as the rest of the IDEA Part B allocation.

Early Childhood Special Education (Section 619)

For ECSE, Ohio received $10,666,445 in allocation funds. Of this total, $474,875 has been identified as a supplemental award for Federal Fiscal Year 2026/State Fiscal Year 2027 and is subject to all standard legal and fiscal IDEA requirements.

Allocations in CCIP

The Department of Education and Workforce (DEW) followed the prescribed allocation process to calculate the appropriation amount and supplemental amounts separately for each educational entity receiving an IDEA award for State Fiscal Year 2027. However, these separate amounts appear as a combined total under the Original Allocation type in the Comprehensive Continuous Improvement Plan (CCIP).

- IDEA Part B funding is listed under the IDEA Part B grant.
- ECSE funding is listed under the Early Childhood Special Education grant.

Educational entities can view the detailed breakdown of their allocations online at the IDEA Part B Allocation webpage.

IDEA CONSORTIUM PROCESS

To streamline this year's consortium process and ensure accurate configuration in the CCIP, DEW is implementing a revised approach.

Consortium Identification Survey

Districts and Educational Service Centers (ESCs) that have historically participated in a consortium will receive a survey by email, similar to FY26. The survey will gather the necessary information to build consortium relationships within the CCIP. Timely completion is

essential for accurate setup before applications are reviewed. Should a district or ESC wish to join a consortium for the first time, please contact molly.cairney@education.ohio.gov.

Consortium Agreements

After consortium leads receive their consortium funding amounts, they will upload a signed consortium agreement for each participating district as part of the IDEA Part B and/or IDEA Early Childhood Special Education Grant Application in CCIP. These agreements must outline roles, responsibilities, and funding arrangements.

Application Approval

Once all required agreements are uploaded and verified, DEW will proceed with approval of the consortium lead's application in the CCIP.

If you have questions about the IDEA grants in the Consolidated application, contact Molly Cairney, Assistant Administrator for IDEA Resource Management at molly.cairney@education.ohio.gov.
