  - The Title I SSI USAS Code is 536, ***NOT*** 572.
- All FY27 TI SSI grantees have received a July 1, 2026, Substantially Approved Date or SAD.
  - Once your application is in Agency Approved status you can request reimbursement back to July 1, 2026.

INTENT AND PURPOSE

- The intent and purpose of the TI SSI funds are to support implementation of your One Plan and make progress to exit identification status:
  - Align spending to the reason for identification.
  - Progress monitor grant funded student and adult outcomes.
  - Fund supplemental instructional supports for ELA and Math.

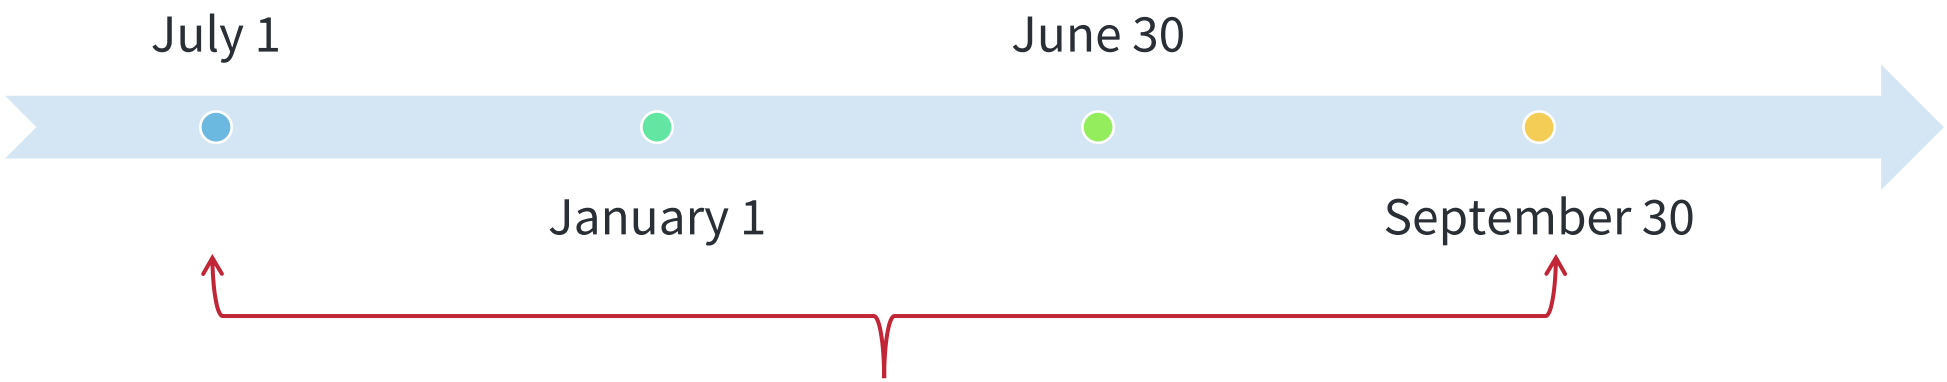

PROJECT CASH REQUEST (PCR) SUBMISSIONS

- Grants Management reviews PCR submission to determine grantee spending.
- It is best practice to submit PCRs quarterly.
- LEAs may submit PCRs more often, i.e. monthly, when appropriate.
- This is the only measure the grant team can access to see you are implementing your grant activities.

GRANT IMPLEMENTATION AND TIMELINE

GRANT IMPLEMENTATION TIMELINE

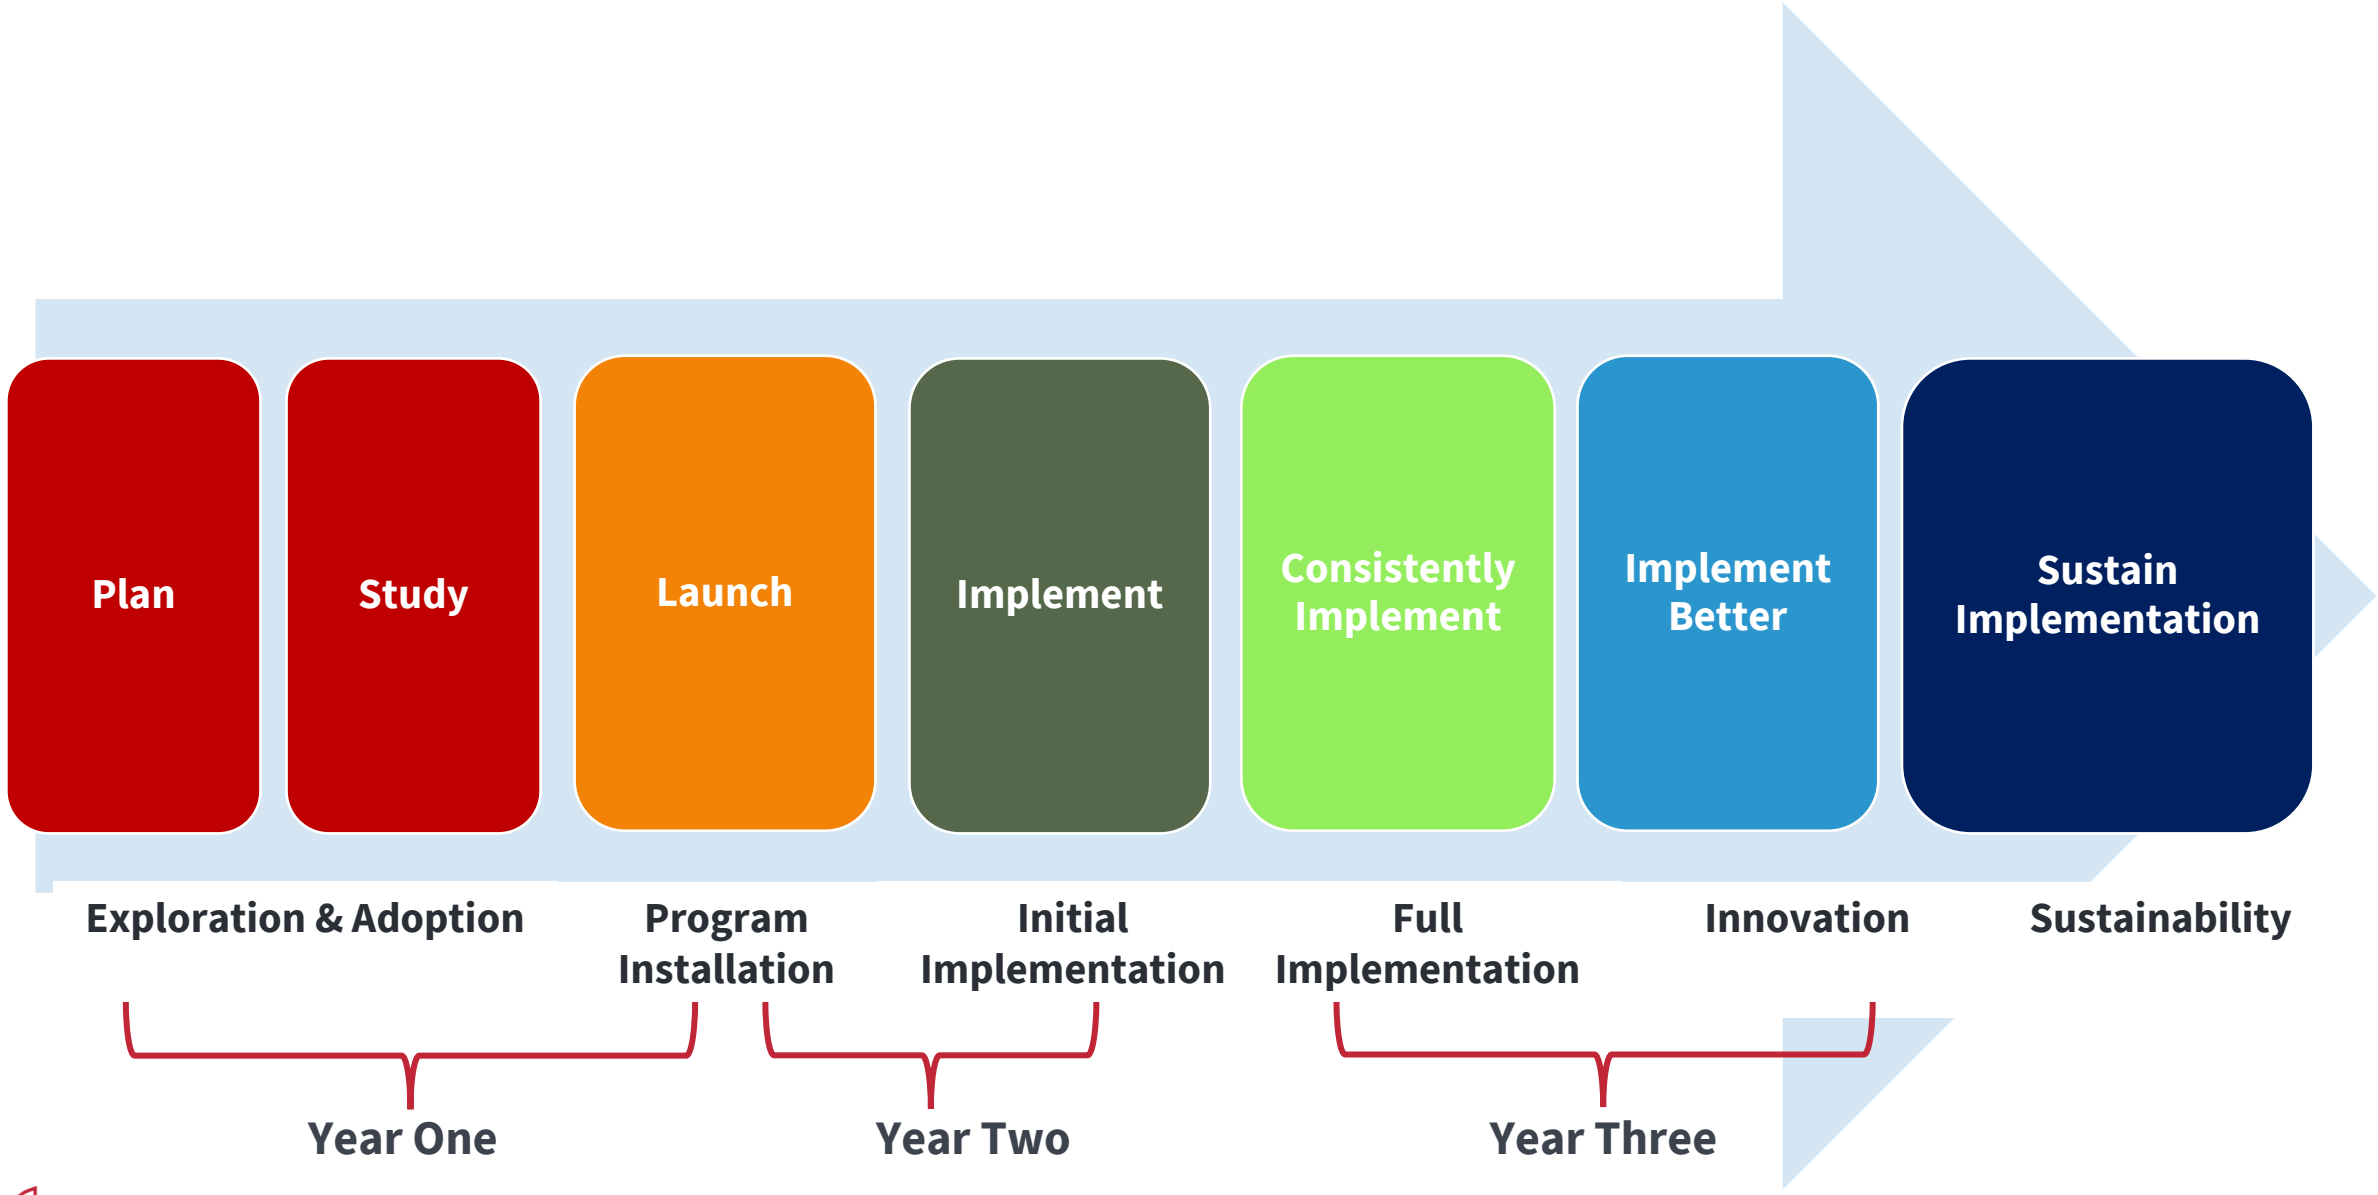

- **When** are grant funds obligated/encumbered and when PCRs are submitted?
- **When** and **how** formative data of student and adult measures are collected and analyzed?
- **Who** monitors grant implementation (e.g. Fiscal, Curricular, Administrative)?

PROGRESS MONITORING

- Progress monitoring is embedded in your grant application in the Student and Adult Outcomes section of the TI SSI grant application. The process **must** include **multiple data checkpoints** and **opportunities to revise implementation of grant-funded activities.**
- For example:
  - *Quarterly I-Ready data of Students with disabilities in 3-5th grade will be monitored in TBT meetings with an expected increase in performance of 5% by June 30, 2027.*
  - *Quarterly walkthroughs to monitor implementation of specific Science of Reading strategy in K-5 classrooms with 90% fidelity rate by June 30, 2027.*
